

Qognify Completes Acquisition of On-Net Surveillance Systems (OnSSI) Group Becoming One of the Largest VMS, Video Analytics and PSIM Companies

Pearl River, New York– January 2, 2019 – [Qognify](#) - the trusted advisor and technology solution provider for physical security and enterprise incident management - today announced that it has completed the acquisition of the IP video management software (VMS) company - On-Net Surveillance Systems ([OnSSI](#)), including the pioneer of IP video technology - [SeeTec GmbH](#). Backed by the global investment firm Battery Ventures, Qognify announced the agreement on December 22, 2018 and the deal closed on December 28, 2018.

With Qognify, OnSSI and SeeTec operating under one umbrella, the company is today one of the largest

VMS, Video Analytics, PSIM and Critical Incident Management companies in the world, serving mid-market and enterprise organizations. Steve Shine, CEO and President of Qognify states: “Following the swift closing of the deal, we look forward to focusing on 2019, supporting all Qognify, OnSSI and SeeTec partners and customers, whilst substantially expanding our geographic reach and market penetration.”

Qognify’s VisionHub, NiceVision, FAST and Situator solutions are trusted by financial services companies, mass-transit infrastructure, large international airports and seaports, as well as smart and safe city projects around the world. The OnSSI Ocularis and Cayuga VMS solutions are deployed across education, gaming, government, healthcare, logistics, manufacturing, retail, public safety, transportation and utilities organizations, in more than 100 countries.

Shine adds: “Today, through our combined portfolio of award-winning and market-leading technologies, infrastructure and expertise, we expand our global presence, creating an entity capable of meeting the exacting requirements of mid-market and enterprise organizations anywhere in the world.”

About OnSSI

On-Net Surveillance Systems, Inc. (OnSSI) was founded in 2002 with the goal of developing comprehensive and intelligent IP video surveillance management software. OnSSI's Ocularis IP security and surveillance VMS platform increases security, reduces operational costs, and helps organizations move closer to prevention. Ocularis delivers open architecture, flexibility, and scalability along with robust cybersecurity protections for a range of applications including education, gaming, government, healthcare, manufacturing, public safety, transportation, and utilities. OnSSI is headquartered in Pearl River, New York and has representation in over 100 countries. With its acquisition of Germany-based VMS company, SeeTec GmbH and the launch of Ocularis 5, OnSSI continues to drive global expansion and technological innovations.
