

STAY UP TO DATE

Always up to date with the SeeTec Software Maintenance Agreement

Regular software updates are necessary to ensure that your video system always runs like a clockwork. They provide compatibility with new devices and technologies and protect your investment for the future. With the SeeTec Software Maintenance Agreement (SMA) you can obtain updates easily and cost-effectively.

SAFETY IN ADMINISTRATION

Ongoing updates for your system contribute to smooth operations and therefore to improved safety in daily use.

EFFICIENT COST MANAGEMENT

Thanks to the clear cost structure you can keep an eye on your investment at any time – for a planning without surprises.

FUTURE-PROOF SYSTEM

Regular updates ensure that your system keeps pace with further developments of hardware and software.

■ YOUR ADVANTAGES AT A GLANCE

COST-EFFECTIVE

UPDATES FREE OF CHARGE

NEW FEATURES AND FUNCTIONS

HARDWARE INTEGRATION

SERVICE FEE ACCORDING TO PRICE LIST

The Software Maintenance Agreement (SMA) provides updates for your existing installation. You can purchase your SMA directly with the software or extend an existing license through a SMA.

Your Advantages at a Glance:

- Latest updates without additional costs
- Integration of new features
- Implementation of recent technologies (e.g. new formats for image transmission, storage and visualisation)
- Integration of new hardware (e.g. drivers for new cameras and other system devices)
- Compatibility with new operating systems and service packs
- Higher availability and operational reliability
- Clearly calculable costs during the entire lifecycle

■ **MODULAR PRICE DESIGN**

The annual costs are calculated based on the list prices of all SeeTec modules that are used in your installation. If the SMA is not terminated, it will automatically be extended by another runtime period. In addition to the one-year SMA, a three-year SMA is also available – with a discounted service fee.

Our offer at a Glance:

ONE-YEAR SMA	THREE-YEARS SMA	SOFTWARE UPDATES
